Agenda item 4 (document CAP/CSA/10/4/Rev.)

The Commissions,

Having considered the working document submitted by the Secretary-General on the details of the action to be taken by the Members to give a final shape to the proposed regional technical cooperation programme within the framework of the United Nations Development Programme's Fifth Inter-country Programming Cycle,

Stressing the need for effective coordination so that the proposed regional programme will not duplicate the efforts being made in the region on same sets of subjects/themes,

1. Support the WTO proposal for launching a regional programme for the tourism sector in Asia and the Pacific region, the major focus of which will be on (a) preservation of environment and natural resources, and (b) alleviation of poverty (economic development);
2. Request the Secretariat to render its support to the national tourism administrations in the region in their endeavour to obtain funding from the United Nations Development Programme (UNDP) for the proposed programme; and
